(5) The examinations will be advertised at least four months before the date of the examinations and applications on the form prescribed by the Board of Examiners, supported by original certificates as to experience and character and fees will be received up to a date, duly advertised,, not less than one month prior to the examinations. No application which is not in the prescribed form will be considered by the Board. (6) The subjects for examination shall be :—

(*a*) *Arithmetic and handwriting.*

(*b*) *Practical and theoretical coal-mining*, including surface and underground arrangements, sinking, timbering, ventilation, gases met with in coal-mines, a knowledge of plans, surveying and levelling, and of the various instruments used in mining. The examiners shall have power to eliminate the oral examination in the case of candidates who do not reach a standard in the written examination to be prescribed by the Board of Examiners.

(8) The following shall be the maximum number of marks given for each subject :—

(10) A candidate for a first class certificate, who does not reach the necessary standard, may, nevertheless, at the discretion of the local examiners, be recommended, to the Board of Examiners for a second class certificate, if, in their opinion, he has done sufficiently well to deserve it.

(11) The Secretary to the local examiners shall submit a report, of the result of the examination giving the number of marks obtained by each candidate in each subject, to the President of the Board of Examiners within one month of the close of the examination.

(12) The questions which the local examiners intend to put in the examination papers shall be submitted in draft to the Board of Examiners, for approval, at least six weeks before the date of the examination. Answers to questions on arithmetic and those involving calculations and all plottings and levellings must be submitted to the Board of examiners along with the question papers.

(13) At least one examination for first class candidates and at least one examination for second class candidates shall be held annually in one of the Bengal or Bihar and Orissa coal-fields; and in other parts of India examinations will be held whenever, in the opinion of the Board of Examiners, the number of candidates in a coal-mining centre justifies the holding of an examination.

(14) No candidate will be allowed to take part in the examination until he has produced an authorization from the Board of Examiners.

(15) Every candidate before taking his seat must sign a register, in which he will be given a definite number. He must sign his name and write his registered number at the top of every page of the paper on which he writes the answers to the questions.

(16) The number of the questions must be given in bold figures before the answer to each question.

(17) The calculations and work by which a result is obtained must be clearly shown in immediate connection with the answer to each question.

(18) Answers must be strictly confined to the questions asked.

(19) Sketches may be made to make answers clear

(20) When sketches are asked for, it should be understood that, unless otherwise stated, freehand sketches, with dimensions, are all that is necessary, and candidates should not spend time in making finished drawings.

(21) Any candidate speaking to any other candidate during the examination, or using any book, notes or private paper, or acting in any manner which the examiners consider improper will be liable to be disqualified at their discretion. The Board of Examiners may in such a case use their discretion as to allowing the candidate to sit at any future examination.

(22) When a candidate has completed the answers to the questions, or when the time allowed for answering the questions has elapsed, or he has been disqualified, he must hand the paper of questions and his answers to the examiners, and at once leave the examination room.

(23) A time table will be supplied to each candidate at the commencement of the first day's examination.

(24) The oral examination will be held at a subsequent date. Only those candidates who obtain a certain degree of proficiency in the written examination will be examined orally. Due notice of time and place will be sent to each candidate required by the examiners of oral examination.

(25) The number of marks given for each question will be shown in brackets at the end of the question.

(26) Ink and paper will be provided, and no paper other than the official paper provided may be used. Candidates must bring their own pens and pencils, drawing pens and drawing instruments, including a protractor.

These Regulations cancel all previous regulations and shall take effect from the 30th September 1921.

RULES FOR THE GUIDANCE OF STUDENTS SEEKING ADMISSION.

1. Two classes of students are admitted for study in the College—

(*a*) "Regular," or those who enter for the full University course.

The admission to this class is restricted to students (male and female) who are natives of, or whose parents are domiciled in, the area within the territorial limits of the Calcutta University, and the Province of Bihar and Orissa.

(*b*) "Military Class" (only students of European or Eurasian parentage are admitted to this class). (*See* separate Prospectus for Military students.)

The admission to this class is regulated by the Director-General, Indian Medical Service.

2. The minimum preliminary qualification for admission to the—

(*a*) "Regular Class" is the I. Sc. Pass certificate of the Calcutta University.

N.B.—This rule does not apply to female students.

3. The session commences on the 15th June.

4. All new students must apply for admission to the Principal, Medical College, Calcutta, in the prescribed form available in this office, before the 25th May, except in the case of Biharis, Uriyas, Chota Nagpuris and Assamese students, who should apply to the Inspectors-General of Civil Hospitals of their respective provinces for admission within such date as the latter may prescribe.

N.B.—All candidates for admission whose applications have been officially acknowledged are requested to attend at the Office of the Medical College, Calcutta, to appear before a Selection Board each day between 1 and 3 P.M., subsequently to the 25th May.

Selected candidates must pay the following fees on or before the 10th June, failing which their names will be struck off the selected list:—

	Rs.	A.
Admission fee	20	0
Fees for Summer term	62	8
Athletic Club fee	1	0
Total ...	83	8

5. The number of Regular students to be admitted each year is generally 120, but the Principal may, at his discretion, increase or decrease this number. Preference for admission will usually be given to candidates who have superior qualifications, but the final selection lies entirely with the Principal.

One-fourth of the total number to be admitted shall be Muhammadans. Twelve candidates will be nominated by the Inspector-General of Civil Hospitals of Bihar and Orissa and six candidates by the Inspector-General of Civil Hospitals of Assam. These candidates must possess the qualifications mentioned in rule 2(*a*). In addition, the Bihar and Orissa Government will

nominate six scholars, who, after 1918, must possess the I. Sc. pass certificate. These nominations must reach the Principal, Medical College, Calcutta, before the 10th June in each year, failing which the Principal will fill up vacancies with local candidates.

6. Female students of Bengal, Bihar and Orissa, Assam and Burma, belonging to the Calcutta University, will be admitted to the College, provided they possess the requisite preliminary qualification and provided there is a vacancy in the Surnomoyee Hostel in which all female students must reside.

7. Failed students must apply for admission and pay fee before the 15th May, otherwise their prior claim lapses.

8. All Regular students must pay an annual fee of Rs. 125 in two instalments, *viz.*, Rs. 62-8 for the Summer term and Rs. 62-8 for the Winter term. Fees once paid cannot be refunded.

9. The fees for each term are to be paid in one instalment. Except in the case of new students, the fees for Summer term are due on the 15th June and those for the Winter term on the 1st November, and must be paid on those dates or on such subsequent dates as the Principal may direct, after which a daily fine of annas 4 will be levied along with the fee in each case of default.

10. All Regular students, excepting the female students, must pay an annual fee of Re. 1 to the Medical College Athletic Club along with the fees for the Summer term.

11. Students relegated to a further course of study after their failure at the Preliminary Scientific M. B. and at the First M. B. Examinations shall pay Rs. 80 for the whole session in one instalment by the 1st June.

12. Students taking up subjects outside the curriculum of the year in which they are studying shall pay Rs. 30 for each subject, including lectures and practical classes.

13. The fees for Casual students or for certificates issued to Regular students leaving the College before completing their study, or for those issued to Military students, shall be Rs. 40 per each course of lectures and practical classes and Rs. 30 for every three months of hospital practice.

14. Students who fail at the Final M. B. Examination shall pay fees for the whole session at the following rates in one instalment by the 1st June :—

	Rs.
For one subject	25
For two subjects	50
For three or more subjects	75

15. In calculating the sum to be paid under rule 13 by a Regular student, the amount of College fees paid by him, or in the case of a student enjoying a stipendiary scholarship and free tuition, the amount which would have been paid by him had he been a paying student shall be deducted.

16. The fees payable by a Muhammadan student requiring certificates in the same way will be calculated on the same principle, *i.e.*, he will be allowed a deduction for the full annual fee, half of which has been paid by himself and half by the Mohsin Fund.

17. Students of the Military class requiring certificates in the same way will be required to pay the rate of fees laid down in paragraph 13 for the full curriculum or for such portion as they have attended. No deduction will be made in this case as they are not free students in the sense in which that term is defined in Bengal Government Resolution (Education) No. 601 of the 7th December 1880.

18. The fee for post-graduates undergoing a course of training in the Pathological, Bacteriological, Physiological or Chemical Laboratory is Rs. 90 for a period not exceeding six months.

19. Holders of scholarships, awarded by the Government of Bengal, are not required to pay the annual fee of Rs. 125 for the year in which they hold such scholarships. All holders of other scholarships, whether granted by other Local Governments, Local Bodies, or Dufferin Fund, shall pay the same fees as regular students.

MEDICAL COLLEGE OF BENGAL.

RULES FOR THE GUIDANCE OF STUDENTS SEEKING ADMISSION.

1. Two classes of students are admitted for study in the College—

(*a*) "Regular," or those who enter for the full University course.

The admission to this class is restricted to students (male and female) who are natives of, or whose parents are domiciled in, the area within the territorial limits of the Calcutta University, and the Province of Bihar and Orissa.

(*b*) "Military Class" (only students of European or Eurasian parentage are admitted to this class). (*See* separate Prospectus for Military students.)

The admission to this class is regulated by the Director-General, Indian Medical Service.

2. The minimum preliminary qualification for admission to the—

(*a*) "Regular Class" is the I. Sc. Pass certificate of the Calcutta University.

N.B.—This rule does not apply to female students.

3. The session commences on the 15th June.

4. All new students must apply for admission to the Principal, Medical College, Calcutta, in the prescribed form available in this office, before the 25th May, except in the case of Biharis, Uriyas, Chota Nagpuris and Assamese students, who should apply to the Inspectors-General of Civil Hospitals of their respective provinces for admission within such date as the latter may prescribe.

N.B.—All candidates for admission whose applications have been officially acknowledged are requested to attend at the Office of the Medical College, Calcutta, to appear before a Selection Board each day between 1 and 3 P.M., subsequently to the 25th May.

Selected candidates must pay the following fees on or before the 10th June, failing which their names will be struck off the selected list:—

	Rs.	A.
Admission fee	20	0
Fees for Summer term	62	8
Athletic Club fee	1	0
Total ...	83	8

5. The number of Regular students to be admitted each year is generally 120, but the Principal may, at his discretion, increase or decrease this number. Preference for admission will usually be given to candidates who have superior qualifications, but the final selection lies entirely with the Principal.

One-fourth of the total number to be admitted shall be Muhammadans. Twelve candidates will be nominated by the Inspector-General of Civil Hospitals of Bihar and Orissa and six candidates by the Inspector-General of Civil Hospitals of Assam. These candidates must possess the qualifications mentioned in rule 2(*a*). In addition, the Bihar and Orissa Government will

nominate six scholars, who, after 1918, must possess the I. Sc. pass certificate. These nominations must reach the Principal, Medical College, Calcutta, before the 10th June in each year, failing which the Principal will fill up vacancies with local candidates.

6. Female students of Bengal, Bihar and Orissa, Assam and Burma, belonging to the Calcutta University, will be admitted to the College, provided they possess the requisite preliminary qualification and provided there is a vacancy in the Surnomoyee Hostel in which all female students must reside.

7. Failed students must apply for admission and pay fee before the 15th May, otherwise their prior claim lapses.

8. All Regular students must pay an annual fee of Rs. 125 in two instalments, *viz.*, Rs. 62-8 for the Summer term and Rs. 62-8 for the Winter term. Fees once paid cannot be refunded.

9. The fees for each term are to be paid in one instalment. Except in the case of new students, the fees for Summer term are due on the 15th June and those for the Winter term on the 1st November, and must be paid on those dates or on such subsequent dates as the Principal may direct, after which a daily fine of annas 4 will be levied along with the fee in each case of default.

10. All Regular students, excepting the female students, must pay an annual fee of Re. 1 to the Medical College Athletic Club along with the fees for the Summer term.

11. Students relegated to a further course of study after their failure at the Preliminary Scientific M. B. and at the First M. B. Examinations shall pay Rs. 80 for the whole session in one instalment by the 1st June.

12. Students taking up subjects outside the curriculum of the year in which they are studying shall pay Rs. 30 for each subject, including lectures and practical classes.

13. The fees for Casual students or for certificates issued to Regular students leaving the College before completing their study, or for those issued to Military students, shall be Rs. 40 per each course of lectures and practical classes and Rs. 30 for every three months of hospital practice.

14. Students who fail at the Final M. B. Examination shall pay fees for the whole session at the following rates in one instalment by the 1st June:—

	Rs.
For one subject	25
For two subjects	50
For three or more subjects	75

15. In calculating the sum to be paid under rule 13 by a Regular student, the amount of College fees paid by him, or in the case of a student enjoying a stipendiary scholarship and free tuition, the amount which would have been paid by him had he been a paying student shall be deducted.

16. The fees payable by a Muhammadan student requiring certificates in the same way will be calculated on the same principle, *i.e.*, he will be allowed a deduction for the full annual fee, half of which has been paid by himself and half by the Mohsin Fund.

17. Students of the Military class requiring certificates in the same way will be required to pay the rate of fees laid down in paragraph 13 for the full curriculum or for such portion as they have attended. No deduction will be made in this case as they are not free students in the sense in which that term is defined in Bengal Government Resolution (Education) No. 601 of the 7th December 1880.

18. The fee for post-graduates undergoing a course of training in the Pathological, Bacteriological, Physiological or Chemical Laboratory is Rs. 90 for a period not exceeding six months.

19. Holders of scholarships, awarded by the Government of Bengal, are not required to pay the annual fee of Rs. 125 for the year in which they hold such scholarships. All holders of other scholarships, whether granted by other Local Governments, Local Bodies, or Dufferin Fund, shall pay the same fees as regular students.

[*N.B.*—The scale of fees, as given in this Prospectus, is payable by students admitted to the College from the beginning of the Session 1916-17 and will not apply to old students, who will continue to pay the old rate of fees.]

MEDICAL COLLEGE OF BENGAL.

RULES FOR THE GUIDANCE OF STUDENTS SEEKING ADMISSION.

1. Two classes of students are admitted for study in the College—

(*a*) "Regular," or those who enter for the full University course.

The admission to this class is restricted to students (male and female) who are natives of, or whose parents are domiciled in, the area within the territorial limits of the Calcutta University, and the Province of Bihar and Orissa.

(*b*) "Military Class" (only students of European or Eurasian parentage are admitted to this class). (*See* separate Prospectus for Military students.)

The admission to this class is regulated by the Director-General, Indian Medical Service.

2. The minimum prelimianry qualification for admission to the—

(*a*) "Regular Class" is the I. Sc. Pass certificate of the Calcutta University.

N.B.—This rule does not apply to female students.

3. The session commences on the 15th June.

4. All new students must apply for admission to the Principal, Medical College, Calcutta, in the prescribed form available in this office, before the 25th May, except in the case of Biharis, Uriyas, Chota Nagpuris and Assamese students, who should apply to the Inspectors-General of Civil Hospitals of their respective provinces for admission within such date as the latter may prescribe.

N.B.—All candidates for admission whose applications have been officially acknowledged are requested to attend at the Office of the Medical College, Calcutta, to appear before a Selection Board each day between 1 and 3 P.M., subsequently to the 25th May.

Selected candidates must pay the following fees on or before the 10th June, failing which their names will be struck off the selected list:—

	Rs.	A.
Admission fee	20	0
Fees for Summer term	62	8
Athletic Club fee	1	0
Total ...	83	8

5. The number of Regular students to be admitted each year is generally 120, but the Principal may, at his discretion, increase or decrease this number. Preference for admission will usually be given to candidates who have superior qualifications, but the final selection lies entirely with the Principal.

One-fourth of the total number to be admitted shall be Muhammadans. Twelve candidates will be nominated by the Inspector-General of Civil Hospitals of Bihar and Orissa and six candidates by the Inspector-General of Civil Hospitals of Assam. These candidates must possess the qualifications mentioned in rule 2(*a*). In addition, the Bihar and Orissa Government will

nominate six scholars, who, after 1918, must possess the I. Sc. pass certificate. These nominations must reach the Principal, Medical College, Calcutta, before the 10th June in each year, failing which the Principal will fill up vacancies with local candidates.

6. Female students of Bengal, Bihar and Orissa, Assam and Burma, belonging to the Calcutta University, will be admitted to the College, provided they possess the requisite preliminary qualification and provided there is a vacancy in the Surnomoyee Hostel in which all female students must reside.

7. Failed students must apply for admission and pay fee before the 15th May, otherwise their prior claim lapses.

8. All Regular students must pay an annual fee of Rs. 125 in two instalments, *viz.*, Rs. 62-8 for the Summer term and Rs. 62-8 for the Winter term. Fees once paid cannot be refunded.

9. The fees for each term are to be paid in one instalment. Except in the case of new students, the fees for Summer term are due on the 15th June and those for the Winter term on the 1st November, and must be paid on those dates or on such subsequent dates as the Principal may direct, after which a daily fine of annas 4 will be levied along with the fee in each case of default.

10. All Regular students, excepting the female students, must pay an annual fee of Re. 1 to the Medical College Athletic Club along with the fees for the Summer term.

11. Students relegated to a further course of study after their failure at the Preliminary Scientific M. B. and at the First M. B. Examinations shall pay Rs. 80 for the whole session in one instalment by the 1st June.

12. Students taking up subjects outside the curriculum of the year in which they are studying shall pay Rs. 30 for each subject, including lectures and practical classes.

13. The fees for Casual students or for certificates issued to Regular students leaving the College before completing their study, or for those issued to Military students, shall be Rs. 40 per each course of lectures and practical classes and Rs. 30 for every three months of hospital practice.

14. Students who fail at the Final M. B. Examination shall pay fees for the whole session at the following rates in one instalment by the 1st June :—

	Rs.
For one subject	25
For two subjects	50
For three or more subjects	75

15. In calculating the sum to be paid under rule 13 by a Regular student, the amount of College fees paid by him, or in the case of a student enjoying a stipendiary scholarship and free tuition, the amount which would have been paid by him had he been a paying student shall be deducted.

16. The fees payable by a Muhammadan student requiring certificates in the same way will be calculated on the same principle, *i.e.*, he will be allowed a deduction for the full annual fee, half of which has been paid by himself and half by the Mohsin Fund.

17. Students of the Military class requiring certificates in the same way will be required to pay the rate of fees laid down in paragraph 13 for the full curriculum or for such portion as they have attended. No deduction will be made in this case as they are not free students in the sense in which that term is defined in Bengal Government Resolution (Education) No. 601 of the 7th December 1880.

18. The fee for post-graduates undergoing a course of training in the Pathological, Bacteriological, Physiological or Chemical Laboratory is Rs. 90 for a period not exceeding six months.

19. Holders of scholarships, awarded by the Government of Bengal, are not required to pay the annual fee of Rs. 125 for the year in which they hold such scholarships. All holders of other scholarships, whether granted by other Local Governments, Local Bodies, or Dufferin Fund, shall pay the same fees as regular students.

20. The following are the curricula of the College :—

BENGAL COUNCIL OF MEDICAL REGISTRATION.

NOTICE.

IT has been brought to the notice of this Council that medical certificates are sometimes obtained by personation and that sufficient precaution is not always taken by registered practitioners to guard against this fraudulent practice. The Council therefore desire to bring this matter to the notice of all registered practitioners and to advise them, in their own interest, to exercise all possible care and circumspection in granting medical certificates. Such certificates should, ordinarily, only be issued to individuals who are either personally known to the practitioner or of whose identity he has satisfied himself.

By order of the Council,

The actual prize will, however, in these circumstances, be awarded to the competitor whose essay is adjudged to stand next in order of merit, provided that her essay comes up to the standard required by the next clause.

If none of the essays come up to a standard which is, in the opinion of the examiners, adequate, no prize will be awarded.

LIST A.

English Literature and Grammar.

For the books recommended by the University of Calcutta as indicating the standard of the Matriculation Examination in English, Head Masters are referred to the University Calendar. It should be noted that these books are intended only to indicate the standard expected of pupils on the completion of the high school course. "England and India" (Longmans, Green & Co.) deals with the British Empire in the East, and explains the work done by the British Government in and for India. It is an advanced supplementary reader for senior pupils and teachers. For knowledge of the war a book like Nelson Fraser's "The World at War" (Oxford University Press) is of value.

Geography.

For use in the upper classes of High Schools in Bengal.

The teaching of this subject, by whatever method is adopted, must in every case be supplemented by the use of maps, charts and pictures. Teachers should consult the "Teachers' List" and apply to leading publishers for their lists, as these are now comprehensive and specially adapted to the needs of Indian schools. Such pictures as "Scenes from other lands" (Macmillan) are suitable for school work, are interesting to children and bring brightness and colour to the class room. Head masters are requested to see that all the school maps and pictures are on view every day and not stored in office rooms.

(*e*) The necessity of exercise.
(*f*) Some information as to how simple complaints, wounds, snake-bites, burns, etc., should be treated; how a drowning person should be handled, etc.

The teaching must proceed not merely by precept but by example. R. C. Dutt	A Brief History of Ancient and Modern India, brought up to date by J. N. Gupta, M.A., I.C.S.

Yogindrachandra Chatterjee	Indian Mirror.

Administration and Progress of India under British Rule.

N. N. Ghosh	England's Work in India, revised edition, 1915.

GEOGRAPHY.

The following books are recommended as indicating the methods of study as well as the standard of knowledge required :—

E. Marsden	Geography for Senior Classes, Parts I and II.
	The World with fuller treatment of India (Longmans' Geographical Series for India, Book II).
F. D. Unstead	... The Practical Geography, Parts I and II.

The following books are recommended for the use of teachers :—

Blanford	The Rudiments of Physical Geography for the use of Indian Schools.
Frew	A Regional Geography of the Indian Empire (Blackie and Son).
Wallis	The Teaching of Geography (Cambridge University Press).
O'Malley	Bengal, Bihar and Orissa, Sikkim (Macmillan & Co).

The following book is recommended for the use of teachers in connection with the teaching of "Sand Modelling" in the lower classes of schools :—

A. E. Frye	The Child and Nature.

Every school that intends to undertake instruction in Geography for the Matriculation Examination is required to possess the apparatus mentioned in the following list:—

I—(The total cost need not exceed Rs. 65)—

1. A measuring tape.
2. A magnetic compass.
3. Squared paper and tracing paper.
4. Clay, dry sand, paper pulp for modelling.
5. A globe not less than 14 inches in diameter, with writing surface, and with line of latitude and longitude, and outlines only of the land masses, marked upon it.
6. A map of the school locality on a scale of 4" or 6"= 1 mile.
7. A map of the district in which the school is situated on the scale 1"= 1 mile.
8. A coloured map of the province.
9. A coloured political map of India.
10. A physical map of India.
11. A relief map of India.
12. A map of the world on Mollweide's equal area projection and a map of Asia.

It is essential that the students should be provided with atlases, or with the necessary hand-maps, and with a drawing instrument box. Maps for school work should not contain too much detail, or be crowded with names.

II. The following additional equipment is recommended when it can be provided, but the lack of it is not to be considered as a bar to the recognition of the school in Geography:—

1. A thermometer.
2. A mercury barometer.
3. A rain gauge.
4. A small collection of typical rocks, in particular those of the province and of India.
5. A small museum of typical products.
6. A good standard atlas.
7. Geographical pictures.
8. Magic lantern and slides.

(1) The attention of teachers is requested to the raised maps of Bengal and Eastern Bengal and Assam made of paper pulp, prepared by Babu Kailaschandra Datta, Head Pandit, Habiganj Government Girls' School, Sylhet, and sold for Rs. 7 and Rs. 5, respectively.

(2) Globes of all kinds are made by George Philip and Son, London, W., and A. K. Johnston, London, and Messrs. Ruddiman Johnston, London.

Small hand globes of German make can be obtained through the Indian School Supply Depôt for about a rupee each.

(3) The "Comparative" series of large wall maps of the continents published by George Philip and Son is good and up to date; so also are the Orographical wall maps published by Edward Standford. Messrs. Ruddiman Johnston publish a series of smaller wall maps which include maps of India illustrating various distributions.

Messrs. Nelson's wall atlases are good. Mr. S. B. Chatterjee publishes District maps: also ordinary and relief maps of the province.

Babu L. M. Basu, the drawing master of the Dacca Collegiate School, has published good relief maps of Eastern Bengal and Assam and of India.

The Vidal-Lablache French wall maps on strong cardboard, named on one side, and the same map without names on the reverse, published by Armond Colin, Paris, are good and cheap. They measure 46 inches by 39 inches and can be delivered in Calcutta for Rs. 4-14 each.

(4) The hand-maps, coloured to indicate relief, published by the Diagram Company, West Barnes Lane, New Malden, Survey, at one penny each, are the best of their kind.

The uncoloured half-penny maps, showing river systems and a few towns, published by the same Company, are excellent for class use.

The Autograph hand-maps, with hill shading in brown, published by Messrs. Edward Standford, London, at one penny each, are very good, and are larger than the Diagram Company's hand maps. The 15-inch map of the world on Mollweide's equal area projection is especially to be commended.

(5) Wall pictnres of considerable artistic merit are published by Messrs. Edward Arnold of Leeds, Messrs. Hachette of Paris and Messrs. Holzel of Vienna, and Messrs. Longmans, Green and Company. They cost, delivered in India, from two to three rupees each.

Map lantern slides and view slides especially prepared for Geography teaching are sold by the Diagram Company for two or three shillings each. Mr. Bartington Smith of Darjeeling also sells good picture slides of the Himalayas at Rs. 15 per dozen.

ELEMENTARY MECHANICS.

The following books are recommended :—

Sir Philip Magnus	...	Elementary Mechanics (Longmans, 1903).
A. N. Sen ...	...	Elementary Mechanics.

The following list of apparatus is prescribed as indicating the approximate requirements of a recognised High School seeking to teach Elementary Mechanics for the Matriculation Examination :—

Plumb-line and level.
Simple lever (including brass slotted weights).
Roman steel yard.
Lecture apparatus for experiments on movements.
George's New Atwood's machine.
Stop-watch.
Glazebrook's apparatus (to demonstrate movement of a body).

4 Single Brass Pulleys.
2 Single Brass Pulleys.
2 Triple Brass Pulleys.
Weston Differential Pulley Blocks (½ ton).
16 feet of chain at 6*d*. per foot.
Inclined Plane.
Parallelogram of Forces apparatus.
Wall Crane.
Becker's New Physical Balance.
Set of Gramme Weights (200 grams to 1 mgr.).
2 Composition-ivory Balls.

[NOTE.—The above list is not exhaustive, and much of it might be replaced by similar forms that could probably be made far more cheaply by any clever mistry under proper supervision. In most cases, however, it will probably be found advantageous to buy such a set as indicated in the list specially for demonstration purposes, and subsequently to develop simplified duplicates, illustrating the same principles, which the boys should be given opportunity actually to experiment with on their own individual account or working in pairs.]

GEOGRAPHY.

E. Marsden	...	Geography for senior classes, Parts I and II.

The World with fuller treatment of India (Longman's Geographical Series for India, Book II).

F. D. Unstead	...	The Practical Geography, Parts I and II.
B. C. Wallis	...	Macmillan's Geographical Exercise Book (India).

* Open only to candidates whose vernacular is not this language.

The following books are recommended for the use of teachers:—

Blandford	...	The Rudiments of Physical Geography for the use of Indian Schools.
Frew	...	A Regional Geography of the Indian Empire (Blackie and Son.)
Wallis	...	The Teaching of Geography (Cambridge University Press).
O'Malley	...	Bengal, Bihar and Orissa, Sikkim (Macmillan & Co.).

The following book is recommended for the use of teachers in connection with the teaching of "Sand Modelling" in the lower classes of schools:—

A. E. Frye ... The Child and Nature.

Every school that intends to undertake instruction in Geography for the Matriculation Examination is required to possess the apparatus mentioned in the following list:—

I.—(The total cost need not exceed Rs. 65).

(1) A measuring tape.
(2) A magnetic compass.
(3) Squared paper and tracing paper.
(4) Clay, dry sand, paper pulp for modelling.
(5) A globe not less than 14 inches in diameter, with writing surface, and with line of latitude and longitude, and outlines only of the land masses marked upon it.
(6) A map of the school locality on a scale of 4" or 6"=1 mile.
(7) A map of the district in which the school is situated on the scale 1"=1 mile.
(8) A coloured map of the province.
(9) A coloured political map of India.
(10) A physical map of India.
(11) A relief map of India.
(12) A map of the world on Mollweide's equal area projection and a map of Asia.

It is essential that the students should be provided with atlases, or with the necessary hand maps, and with a drawing instrument box. Maps for school work should not contain too much detail or be crowded with names.

II.—The following additional equipment is recommended when it can be provided, but the lack of it is not to be considered as a bar to the recognition of the school in Geography:—

(1) A thermometer.
(2) A mercury barometer.
(3) A rain-guage.
(4) A small collection of typical rocks, in particular those of the province and India.
(5) A small museum of typical products.
(6) A good standard atlas.
(7) Geographical pictures.
(8) Magic-lantern and slides.

1. The attention of teachers is requested to the raised maps of Bengal and Eastern Bengal and Assam made of paper pulp, prepared by Babu Kailaschandra Datta, Head Pandit, Habiganj Government Girls' School, Sylhet, and sold for Rs. 7 and Rs. 5 respectively.

2. Globes of all kinds are made by George Philip and Son, London, W. and A. K. Johnston, London, and Messrs. Ruddiman Johnston, London. Small hand Globes of German make can be obtained through the Indian School Supply Depôt for about a rupee each.

3. The "Comparative" series of large wall maps of the continents published by George Philip and Son is good and up to date; so also are the Orographical wall maps published by Edward Standford. Messrs. Ruddiman Johnston publish a series of smaller wall maps which include maps of India illustrating various distributions.

Messrs. Nelson's wall atlases are good. Mr. S. B. Chatterjee publishes District maps: also ordinary and relief maps of the province.

Babu L. M. Basu, the drawing master of the Dacca Collegiate School, has published good relief maps of Eastern Bengal and Assam and of India.

The Vidal-Lablche French wall maps on strong cardboard, named on one side, and the same map without names on the reverse, published by Armond Collin, Paris, are good and cheap. They measure 46 inches by 39 inches and can be delivered in Calcutta for Rs. 4-14 each.

4. The hand-maps, coloured to indicate relief published by the Diagram Company West Barnes Lane, New Malden, Surrey, at one penny each are the best of their kind.

The uncoloured half penny maps, showing river systems and a few towns, published by the same Company are excellent for class use.

The Autograph hand maps, with hill shading in brown, published by Messrs. Edward Standford, London, at one penny each, are very good, and are larger than the Diagram Company's hand maps. The 15-inch map of the world on Mollweide's equal area projection is especially to be commended.

(5) Wall pictures of considerable artistic merit are published by Messrs. Edward Arnold of Leeds, Messrs. Hacbette of Paris and Messrs. Holzel of Vienna, and Messrs. Longmans Green and Company. The cost, delivered in India, from two to three rupees each.

Map lantern slides and view sides especially prepared for Geography teaching are sold by the Diagram Company for two or three shillings each. Mr. Bartington Smith of Darjeeling also sells good picture slides of the Himalayas at Rs. 15 per dozen.

ELEMENTARY MECHANICS.

The following books are recommended:—

Sir Philip Magnus	...	Elementary Mechanics (Longmans, 1903).
A. N. Sen ...	...	Elementary Mechanics.

The following list of apparatus is prescribed as indicating the approximate requirements of a recognised High School seeking to teach Elementary Mechanics for the Matriculation Examination:—

Plumb-line and level.
Simple lever (including brass slotted weight).
Roman steel yard.
Lecture apparatus for experiments on movements.
George's New Atwood's Machine.
Stop-watch.
Glazebrook's apparatus (to demonstrate movement of a body).
Hick's Ballistic Balance.
Compound Wheel and Axle.
4 Single Brass Pulleys.
2 Single Brass Pulleys.
2 Triple Brass Pulleys.
Weston Differential Pulley Blocks (½ ton).
16 feet of Chain at 6*d.* per foot.
Inclined Plane.
Parallelogram of Forces apparatus.
Wall Crane.
Becker's New Physical Balance.
Set of Gramme Weights (200 grams to 1 mgr.).
2 Composition-ivory Balls,

Note.—The above list is not exhaustive, and much of it might be replaced by similar forms that could probably be made far more cheaply by any clever mistry under proper supervision. In most cases, however, it will propably be found advantageous to buy such a set as indicated in the list specially for demonstration purposes, and subsequently to develop simplified duplicates, illustrating the same principles, which the boys should be given opportunity actually to experiment with on their own individual account or working in pairs.
